

SHADEFIN MINI SIDE WALL MOUNT INSTALLATION INSTRUCTIONS

T10-4000-13

Thank you for purchasing the ShadeFin® Mini Swivel Seat Mount by TACO Marine®. Since 1959, we have taken great pride in offering the highest-quality products with excellent customer service. We stand behind our products 100 percent. Please visit our website tacomarine.com for more detailed information on a wide variety of products and to register your new product for warranty.

Required, but not included

- PHILLIP'S HEAD SCREWDRIVER

Box Includes

- 1 SWIVEL SEAT MOUNT

Common uses for this mount

- STANDARD 4-SCREW SWIVEL BOAT SEATS

Dimensions

- 17.8" L X 7.25" W (INSIDE)

1 REMOVE SWIVEL SEAT FROM PEDESTAL

To remove the seat, unscrew the 4 screws from beneath the seat pedestal.

2 ALIGN SEAT MOUNT WITH PEDESTAL

The series of slotted holes are designed to retrofit existing seat pedestals, while providing fore and aft adjustment. Position the mount over the seat pedestal with all screw holes in view. Select slot positions by test-fitting the swivel seat to ensure that the vertical post clears the seat back.

3 REINSTALL SWIVEL SEAT

With the mounting plate now sandwiched between the pedestal and the seat in the desired position, replace the 4 screws and tighten securely. You can now place the ShadeFin Mini assembly onto the vertical post of the bracket, and lock in place. Refer to the ShadeFin Mini manual on tacomarine.com for detailed instructions.
